

Muhammad Suleman Arshad

+92 336 1350777 | sulemanarshad27@gmail.com | Portfolio: [Excel & Financial Systems Portfolio](#)

PROFESSIONAL SUMMARY

Recent BS Accounting & Finance graduate (Air University, 2026) specializing in Excel-based financial modeling, dashboard automation, and business analytics. Proven track record building end-to-end financial and inventory management systems for e-commerce, retail, and livestock enterprises. Strong command of advanced Excel (SUMIFS, INDEX/MATCH, dynamic dashboards), financial reporting, and data visualization. Seeking entry-level roles in financial analysis, data analytics, or business operations.

EDUCATION

AIR UNIVERSITY

Bachelor of Science in Accounting and Finance (BSAF) | CGPA: 2.99/4.00

Islamabad, Pakistan

Graduated: June 2026

PROFESSIONAL EXPERIENCE

Data & Reporting Intern

June 2025- August 2025

Heinrich-Heine Sprachzentrum (German Language Institute)

- Maintained academic and operational datasets using Excel & Google Sheets
- Generated attendance, enrollment, and revenue reports
- Created dashboards and charts for management insights
- Supported documentation and record digitization

Finance Team Member

July 2023-January 2024

Khalq Welfare Organization (NGO)

- Assisted in financial documentation and expense tracking
- Supported budgeting for welfare initiatives
- Prepared basic financial summaries and records

E-Commerce Operations

Sep 2022 – Apr 2024

Daraz.pk (Independent Seller)

- Managed listings, pricing, promotions & inventory
- Analyzed sales trends and profitability using Excel
- Prepared monthly sales & profit reports
- Improved order accuracy and reduced stock issues

LEADERSHIP & UNIVERSITY EXPERIENCE

Record & Documentation Team Lead – AIR TECH 25'

May 2025

- Led documentation and reporting for event operations, ensuring coordination across teams

Logistics Team Lead – AIR NEXUS 24'

December 2024

- Managed food logistics and coordinated volunteers for smooth event execution

PROJECTS

E-Commerce Inventory, Sales & Profitability Analytics System — Excel

- Built a multi-module Excel system integrating inventory, purchasing, sales, returns, and marketing-expense tracking for a retail brand
- Designed dynamic, filterable dashboards (month/year selectors) visualizing monthly sales, purchases vs. marketing spend vs. revenue, and profitability trends
- Automated real-time stock status and reorder alerts using nested IF/SUMIFS logic across 8 linked worksheets
- Tracked marketing ROI by reconciling social media ad spend against sales performance

Livestock Financial Management & Performance Analytics System – Excel / VBA

- Developed an automated Excel-based financial management system for a livestock enterprise
- Built dynamic dashboards to track KPIs including livestock count, revenue, costs, and profitability
- Implemented cost classification, break-even, and sensitivity analysis for better decision-making
- Automated data processing using advanced Excel functions (SUMIFS, INDEX/MATCH , conditional logic)

Penalty Tracking & Payment Reconciliation System - Excel

- Built an automated system to track penalties and calculate paid vs. outstanding balances
- Generated KPI summaries and real-time financial reports using dashboards
- Applied advanced Excel functions (INDEX/MATCH, SUMIFS, conditional logic) for automation

Automated Multi-Year Financial Projection Model – Excel

- Developed a fully automated Excel-based financial model with interconnected worksheets
- Designed system where initial year inputs generate multi-year projections automatically
- Built dynamic dashboards and KPI tracking for real-time financial analysis
- Integrated financial statements and forecasting models (NPV/IRR, cash flow) to support decision-making

SKILLS:

- Excel (Advanced), SQL (Basic), Data Cleaning, Visualization,
- Financial Reporting, Budgeting, E-commerce, QuickBooks

Tools: Excel, Google Sheets, MS Office, QuickBooks, Canva

Currently Learning: Python, Machine Learning (self-study)

CERTIFICATIONS

- Mastering Data Analysis using Microsoft Excel - Alison
- Interactive Dashboards & Data Visualization in Excel - Alison
- Financial Modeling in Excel - Academic Coursework
- QuickBooks Pro - Academic Coursework
- SQL for Beginners - Alison

EXTRACURRICULAR & ACHIEVEMENTS

- Volunteer, Plantation & Winter Donation Drives – Khalq NGO
- Participant, Pakistan's First WCA-Recognized Rubik's Cube Competition
